AVIATOR

PRODUCER OF PRAMS
AND ARTICLES FOR CHILDREN

JUNAMA AVIATOR is an ultra-lightweight stroller designed for modern, mobile parents who refuse to compromise between comfort, design, and functionality. Its advanced lightweight construction ensures exceptionally smooth handling, while the compact folded size makes it a perfect travel companion. Thanks to its low weight and cabin-size dimensions, JUNAMA AVIATOR can be taken on board an aircraft as carry-on luggage (subject to individual airline regulations). It is an ideal solution for families who travel frequently and need a stroller that is easy to transport, quick to fold, and convenient for everyday use.
